**Comment [1]:** There's only an author and a book here, but no article title.

**Comment [2]:** This article was mentioned in passing. I managed to find the first volume it was ever published in and included that here. However, I wasn't able to find any page number information.

**Comment [3]:** Page number missing

**Comment [4]:** The author translated this for the paper. Should we include a footnote explaining that?

**Comment [5]:** This is all the information I have for this. We need an article name. "Morgenbladet" is the name of the journal.

**Comment [6]:** I am not sure if his first name is “Le” and his last name is “Roy,” or if his last name is Le Roy, with an unknown first name. Clearly, my knowledge of French naming patterns is limited.

**Comment [7]:** The author mentions “Preface to Miss Julie” in passing. I included here a book that contains the article, but the author didn’t mention in the paper this specific collection of plays.
